Advanced Training Course in

PASTORAL CARE OF HUMANITARIAN AID WORKERS

CAMILLIANUM
International Institute
of Pastoral Health Care Theology

Academic Year: 2017-2018

Pontifical Lateran University

Advanced training course in

PASTORAL CARE OF HUMANITARIAN AID WORKERS

Presentation

The course aims to train humanitarian care workers in light of Pope Francis' call for care and concern for suffering humanity as per his *Motu proprio "Humanam progressionem"* (Promoting Integral Human Development). He calls for concern for suffering humanity, including the needy, the sick and the excluded, those who are forced to abandon their homeland or are deprived, the marginalized, victims of armed conflicts and natural disasters, prisoners, the unemployed, victims of contemporary forms of slavery and torture, and other people whose dignity is at risk.

It will also equip participants with the skills for developing cooperation and designing strategies for organizing help to respond to different types of emergencies.

Themes

- Humanitarian intervention in the light of the Encyclical *Laudato si'*
- Risk anthropology and risk perception
- The meaning of suffering (multi-religious and multi-cultural perspective)
- Introduction to Emergency Medicine
- Protective measures and risk factors, predisposing and aggravating
- Emergency in extreme environments and rescue in hostile environments
- Working with different types of population (children, youth, elderly, rescue workers, etc.)
- Management of humanitarian disasters
- Community Based Approach to natural and man made disasters
- Management in Humanitarian Care
- Gender Dimension of Conflict in Emergencies
- Development Cooperation Program
- The unstable social-health context: Migration
- Refugee crisis as disaster metaphor
- Mental health as a public health problem
- Ethnopsychiatric and multicultural approaches to disaster resilience cultures
- Psycho-Social Intervention in Disasters
- Verbal and non-verbal communication systems
- Trauma, mourning and post-traumatic growth

- The role of rescue workers in health disasters (Ebola, zika, ..)
- Seminar: Multicultural and multi-religious approach to psychological and spiritual intervention in disasters
- Spiritual care in humanitarian care
- Seminar: Vulnerability as a key to the understanding of social justice in disasters
- Pastoral care in emergencies
- An understanding of disaster at the root of a renewed reading of the religious presence
- The role of religions and faith-based organizations in scenarios of natural and man-made disasters
